

MARIE CURIE FELLOWSHIPS

The European Commission has opened its final FP7 round of Marie Curie Fellowship calls inviting applications for the following career development schemes.

Closing date for all three fellowships: **14 August 2013**, 4pm (UK Time).

Marie Curie Intra-European Fellowships (IEF)

These fellowships support the career development, or restart, of experienced researchers at different stages of their careers, to enhance their individual competence diversification in terms of skill acquisition at multi- or interdisciplinary level and/or by undertaking inter-sectoral experiences. The aim is to support researchers in attaining and/or strengthening a leading independent position, e.g. principal investigator, professor or other senior position in education or enterprise. The action may also assist researchers to resume a career in research after a break.

Award: living allowance, mobility allowance, training allowance, overheads

Duration: 1 - 2 years

Marie Curie International Outgoing Fellowships (IOF)

This action aims to reinforce the international dimension of the career of EU researchers by giving them the opportunity to be trained and acquire new knowledge in a high-level organisation active in research, established in another, non-EU country (outgoing phase). Subsequently, these researchers are required to return with the acquired knowledge and experience to an organisation in an EU Member State or Associated Country.

Award: living allowance, mobility allowance, training allowance, overheads

Duration: 2 - 3 years

Marie Curie International Incoming Fellowships (IIF)

This scheme aims to reinforce the research excellence of the EU Member States and the associated countries through knowledge sharing with incoming top-class researchers active in a non-EU country to work on research projects in Europe, with the view to developing mutually beneficial research co-operation between Europe and another third country.

Award: living allowance, mobility allowance, Research & Knowledge Transfer allowance, overheads

Duration: 1 - 2 years
