UALL awards scheme 2017

Applications invited

The UALL Awards Scheme recognises and celebrates **projects, programmes, research and practices** that promote lifelong learning in the Higher Education Sector. The Scheme is open to all institutions in UALL membership. The winner will be announced at the UALL 2017 Annual Conference.

For 2017 there is a new **international** category for innovative engagement/research in an international or transnational context.

There is a two stage application process: the first stage invites an initial statement of 300-450 words which outlines your project, programme or practice, identifying its main strengths and any unique features. The same criteria apply to international projects. Collaborative projects are welcomed. Short listed applicants will then be asked to submit a full application (750 words maximum). Submissions will be assessed on the basis of four criteria:

- **Innovation and creativity**
- **Sustainability**
- **Impact**
- **Transferability**

All short listed applicants will be invited to present a poster session at the 2017 Annual Conference and the winner will receive a free place at the 2018 Annual Conference.
