Programme

PART I: Online and in person

Join our open session where we will introduce VietABLL – a project on integrating arts-based practices into language learning. Come and meet our project team, learn about our findings and resources, and familiarise yourself with the TAG projects coordinated by the British Council.

PART II: In Person

Each of the three participating provinces will organise in person celebrations for project participants. We will share teachers' and students' work as part of our Project Exhibition, we will introduce our project book and exchange ideas and experiences to enhance English language teaching.
